ABOUT ME

As an aspiring and committed student leader, I believe in leadership driven by service, communication, and action. Through my involvement in school activities, I have developed the ability to connect with others, represent student interests, and build meaningful relationships. So my goal is to strengthen external connections, promote student opportunities, and create unity within and beyond our school community.

PLATFORMS

As Vice President for External Affairs, I will focus on strengthening partnerships and representing our school with professionalism and integrity. My leadership will prioritize building strong connections with organizations, schools, and community partners to create more opportunities for students. I want to promote transparency, effective communication, and active student involvement in all external activities. Also, I will work to build sustainable collaborations that go beyond one-time events, ensuring long-term benefits for the student body. I will actively seek partnerships that can provide seminars, workshops, and outreach programs that enhance both academic and real-world skills. By maintaining open communication with external partners, I will ensure that our school is consistently represented in a positive and professional manner.

PROJECTS

To translate this executive framework into tangible results, I have architected a series of targeted projects designed to address the specific technical and professional needs of our student body.

- **Project "Connect Link" –** Strengthening partnerships with external organizations to provide students with seminars, workshops, and career opportunities.
- **Student Voice Connect –** Creating a platform where student concerns and ideas are communicated to external partners and addressed effectively.
- **Community Outreach Program –** Organizing outreach activities such as donation drives, clean-up drives, and volunteer programs to build stronger community relationships.

SOFT SKILLS

- Adaptability
- Team Management
- Communication Skills
- Result - Driven
- Negotiation
- Critical - Thinking
- Task Prioritization

CREDENTIALS

My candidacy is built upon a proven track record of service and specialized training. These credentials represent the leadership foundation and technical insights I will utilize to lead our college to its peak potential.

Executive Leadership & Advocacy

- **SSLG President S.Y. 2023-2024**
  - Demonstrated leadership by initiating student-centered programs, advocating for student voices, and fostering unity within the school community.
- **Sports Club President (2022-2024)**
  - Led and organized sports programs and events, promoting teamwork, discipline, and active student participation across the campus.
- **Eagles Club Program Participant**
  - Actively engaged in community service initiatives, leadership development activities, and outreach programs that promote civic responsibility and volunteerism.

Technical & Professional Development

- **Delegate | Regional Student Government Congress**
  - Participated in a series of policy-drafting workshops focused on digital literacy initiatives and student-led environmental advocacy programs.

- **Technical Head, School Elections**
  - Managed the computer systems for student voting to make sure the results were fast and fair.

- **Tournament Coordinator | Intramural Sports Meet**
  - Managed the official game brackets and schedules for badminton and volleyball using digital spreadsheets to ensure timely matches.
