- Leadership
- Problem - Solving
- Planning & Organizing
- Time Management
- Adaptability

ABOUT ME

As a dedicated and responsible BSIT student, I believe that leadership is built on trust, accountability, and service. Although this is my first time serving in a student body organization, I bring with me strong discipline, accuracy, and a willingness to learn and grow. Through my academic journey and work experience, I have developed a strong sense of responsibility, along with hands-on experience in using spreadsheets to manage data efficiently and accurately. I aspire to serve as Treasurer not for personal gain, but to ensure that all financial resources are managed with integrity and transparency. My goal is to support the organization by maintaining accurate financial records and creating opportunities that will benefit all CCS students.

PLATFORMS

Transparency & Accountability
Ensure all financial records are organized, accurate, and properly reported.

Efficient Financial Management
Utilize spreadsheet tools to improve accuracy and tracking of funds.

Responsible Budgeting
Promote fair allocation of funds to support student activities effectively.

Reliable Financial System
Build a transparent and trustworthy system that benefits all CCS students.

PROJECTS

To support transparency and efficient financial management, I will implement simple yet effective systems that ensure all funds are properly tracked, recorded, and reported. These projects aim to promote accountability, accuracy, and better financial organization for the benefit of all CCS students.

- **The Budget Planning System -** plan and allocate funds properly for each activity to ensure fair distribution and avoid overspending.
- **Project "Open Books" -** provide clear and simple monthly financial reports to keep students informed about income and expenses.
- **Organized Documentation -** Maintain complete and well-organized financial documents, including receipts and reports, for transparency and easy review.

CREDENTIALS

A combination of academic excellence, relevant work experience, and practical skills that demonstrate my readiness to handle financial responsibilities with accuracy, integrity, and accountability.

- **Back Office Customer Support Experience (2022 - 2024)**
  - Handled data entry and records using Excel, ensuring accuracy and organization of information.
- **Virtual Assistant / Freelance (Soft Tech Company | 2025 - 2026)**
  - Provided reliable administrative and data management support using digital tools and organized systems.
- **Skilled in Spreadsheet Management**
  - Experienced in using Excel and Google Sheets for accurate tracking, organization, and reporting.
- **Presidential Academic Scholar, UCLM**
  - Recognized for outstanding academic performance and excellence.
- **Participant, Lead the Change: Leadership Seminar**
  - Engaged in a specialized forum dedicated to fostering innovative student advocacy and proactive organizational transformation within the academic community.
