ABOUT ME

As a candidate for Head of Creatives, I committed to creativity, innovation, and the desire to contribute meaningful output to our organization. I may not have prior experience in heading a team, I am willing to grow as a fresh leader, gain knowledge and building on it, my knowledge, skills, and strong interest in creatives motivate me to take on this role not for position, but to bring fresh ideas and positive improvements to our community CCS. I aim to create visually engaging and impactful content, promote the ideas of my fellow students through creative platforms, and help build a unified and active organization.

PLATFORMS

- **Active Social Media Presence**
  Posting regularly to keep students informed and connected.
- **Visual Design Consistency**
  Using proper colors, fonts, and layout to maintain professional and unified outputs.
- **Strategic Content Planning**
  Planning content ahead to ensure organized and timely posting.
- **Effective Media Coverage**
  Capturing and posting event photos and videos clearly and on time.
- **Structured Creative System**
  Establishing clear roles and processes for efficient and quality outputs.

PROJECTS

- **Creative Media**
  Structured system for documenting all department events through organized photo and video coverage, proper archiving, and consistent posting.
- **Engagement Content System**
  Content initiative that promotes student interaction through interactive posts such as riddles, trivia, and polls.
- **Students Publication initiatives**
  An official publication that keeps students updated on organizational activities, events, and achievements to strengthen communication and engagement.
- **IT Poster Making Contest**
  Campaign that promotes IT awareness through posters highlighting opportunities such as internships and IT company exposure to encourage student participation.
- **Voting System Ideas(T-shirt)**
  A voting system where students choose event shirt designs, supported by feedback and analysis to ensure the final design reflects student preference.

SOFT SKILLS

- Creativity
- Adaptability
- Attention to details
- Responsibility
- Problem-solving
- Willingness to improve
- Active Listening
- Positive Attitude

CREDENTIALS

My candidacy is supported by my developing skills experience in creative work, active participation in school related activities, and a strong commitment to continuous learning and meaningful contribution. These reflect my potential to effectively support the organization through creativity, collaboration, and dedication.
