JEA MARY TRIXY P. MAGALLANO

P.E.A.K. PARTYLIST

Position: Running for P.I.O
Year level: 1st Year

Course/Program: BS in Information Technology
Section: BSIT - 1E

ABOUT ME

I am someone who is responsible and committed and I believe that information is a powerful tool to unite, empower, and protect the student body. As a candidate for Public Information Officer, I aim to make CCS announcements clearer, faster, and more accessible to every student. My goal is to build an environment where students are always informed, heard, and represented through transparent and responsible communication. I know that I can prove myself worthy of this role and if given the chance to serve, I will work to ensure that every CCS student is informed, heard, and updated through timely, accurate, and transparent communication.

PLATFORMS

As Public Information Officer, I will establish a strategic communication that prioritizes transparency, accuracy, and student-centered engagement. My term will focus on strengthening the flow of information, leveraging official CCS channels, digital platforms, and organized content systems to ensure that every announcement, update, and initiative reaches students clearly completely, and on time. I intend to represent the CCS brand through professional, well-crafted communications while upholding responsible handling of data, announcements, and public statements to maintain trust and credibility among the student body.

PROJECTS

By aligning these projects under a unified communication framework, I will help transform CCS into an environment where information is not only timely and accurate, but also empowering for every IT student.

- **CCS Information Hub:** It's a centralized project where all verified announcements, event details, and reminders are systematically released and archived across official digital platforms ensuring that students receive consistent and reliable information.
- ·**CCS Bulletin:** I plan to make use of the bulletin boards to post information that summarizes key activities, deadlines, and student achievements, presented in a clear and visually structured format that is accessible to all IT students.
- **Student Feedback Channel:** This project aims to release a form at a timely period where students can voice out their campus concerns while remaining anonymous. This is a safe place where our IT students can hand in suggestions, questions and problems met within the department.

SOFT SKILLS

- Public Speaking
- Time Management
- Communication Skills
- Honest & Transparent
- Creative/Artistic
- Teamwork
- Empathetic
- Adapatble/Flexible

CREDENTIALS

Through my academic performance and co-curricular involvement, I have developed a strong foundation in communication, responsibility, and student engagement qualities that I intend to bring into the role of Public Information Officer

- **Consistent Honor Student from Elementary to Senior High School**
  - I am proud to say that throughout my elementary and high school years, I have been within the top section, having practiced my social and leadership skills.
- **Radio Broadcasting Participant S.Y. 2023-2024**
  - This participation allowed me to gain experience in news delivery, script reading, and on-air communication.
- **Active Participation in Seminars**
  - Being active in participating seminars held by our department equipped me with the knowledge and awareness in holding such events.
