DIANE M. MENDOZA

P.E.A.K. PARTYLIST

Position: Running for Secretary
Year level: 1st Year
Course/Program: BS in Information Technology
Section: BSIT - 1I

ABOUT ME

I am a BSIT student who values responsibility, organization, and clear communication. Running for secretary is not just about having a position for me, it is about being someone the organization can rely on. I understand that behind every successful activity and decision is proper documentation, coordination, and attention to detail, and I am ready to take on that responsibility. If given the chance, I will ensure accurate records, clear communication, and that no important information is overlooked. I aim to create an organized and connected environment where every voice is heard and valued.

PLATFORMS

As Secretary, I will prioritize clear and active communication to ensure that every student stays informed and involved in all organizational matters. I am committed to maintaining organized and transparent records, ensuring accuracy and accessibility in every document and update. More importantly, I will serve as a reliable bridge for student voices, making sure that ideas, concerns, and suggestions are properly documented and communicated. Through these efforts, I aim to build a more connected, informed, and accountable CCS community.

PROJECTS

To turn my commitment into meaningful action, I will focus on building practical systems that improve how our organization communicates, records, and responds to student needs.

- **The Organized Archive Initiatives**: I will ensure that all documents, reports, and meeting records are properly arranged and easy to access, creating a reliable source of information for both officers and students.

- **Once/Twice a month Meeting for mayor each block:** It ensures consistent communication and alignment among all block mayors, allowing concerns and updates to be addressed efficiently.

- **Easy access to computer:** This will be used by students when checking their portal or Canvas, allowing them to easily access important information such as announcements, grades, schedules, and course materials anytime.
